

Advanced Communication & Problem Solving

Lead, Innovate & Transform

ONLINE TRAINING COURSE OVERVIEW

Excellent communication is essential for the creation of a highly effective and productive organisation; building rapport with people who develop trust, openness and meaningful relationships. This highly interactive Anderson training course will look into the tried and trusted management processes, procedures and methodologies used to build productive and cohesive units whilst establishing strong working relationships. It will explore: behaviour; communication; leadership styles; problem identification to solution generation; evaluating creative techniques; how to challenge more 'outcomes thinking'. Of these decision making and problem solving represent the most important of all managerial and leadership activities; making timely, well-considered and informed decisions, will lead your team and organisation to deserved success.
