Training Course Overview

Do actions truly speak louder than words? Delve into how even the simplest gestures shape organizational culture and the potential pitfalls of overlooking everyday interactions. Explore the transformative power of communication, recognizing that it encompasses more than verbal expression—it's about crafting a brand language that resonates authentically.

Through thorough brand analysis, discover how to execute actions with accountability, driving ethical conduct and fostering respect. Explore the dynamics of likability in garnering favor and delve into communication theories, including the innovative Golden Fish technique, to craft personalized leadership strategies.

By dissecting current practices and embracing the Ripple Effect of contemporary messaging, harness the transformative potential of your communication arsenal. Elevate your ability to effect pan-attitudinal change beyond mere rhetoric, shaping a new era of impactful leadership communication.

Training Course Objectives

You want to be the best leader in the business, and the key to success is communication - congratulations, you're halfway there, but after five days analysing and workshop techniques for positive change, you'll have the tool set stretching from writing, presenting, body language, reading others and strategising across your business to achieve respect and results.

Taking traditional theories and combining them with non-traditional approaches. By attending this Anderson training course, you should achieve these goals:

- Analyse current practice to improve your Conscious Communication skills
- Workshop ways to objectively improve and evolve your Writing
- Discover how to present yourself for change
- Improve your understanding of situations through creative body-language
- Affect behaviour with Storytelling skills across Self-Brand, Brand and Communication
