

## Certificate in Cybersecurity Leadership

### Strategy and Governance

#### ► Upcoming Sessions

23-27 Sep 2024	Dubai - UAE	\$5,950
03-07 Nov 2025	London - UK	\$5,950

#### ► Training Details

##### Training Course Overview

This training course is designed to equip senior IT and cybersecurity professionals with the strategic and governance skills necessary to lead cybersecurity initiatives effectively within their organizations. It covers the creation and implementation of robust cybersecurity strategies, governance frameworks, risk management, compliance, and continuous improvement. Participants will gain insights into aligning cybersecurity with business goals, tracking performance, and preparing for future challenges.

##### Training Course Objectives

**By the end of this training course, participants will be able to:**

- ▶ Develop comprehensive cybersecurity leadership skills
- ▶ Understand and implement various governance frameworks and compliance requirements
- ▶ Align cybersecurity initiatives with organizational objectives
- ▶ Learn to identify, assess, and mitigate cybersecurity risks
- ▶ Gain insights into continuous improvement practices for cybersecurity governance

##### Designed for

**This training course is suitable to a wide range of professionals but will greatly benefit:**

- ▶ Senior IT and cybersecurity leaders
- ▶ Chief Information Security Officers (CISOs)
- ▶ IT managers and directors
- ▶ Risk and compliance officers

##### Learning Methods

This Anderson training course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. This training course is interactive and challenges one to think. The tutor will guide and facilitate learning, using direct input, discussions, case studies, exercises and video presentation. The skill sets developed will add value to employees, managers and leaders alike.

#### ► Training Details

## Day One: Strategic Cybersecurity Leadership

- ▶ The evolving role of leadership in cybersecurity
- ▶ Building and articulating a robust cybersecurity strategy
- ▶ Aligning cybersecurity initiatives with overall business objectives
- ▶ Case studies of successful cybersecurity strategies
- ▶ Interactive session: Developing a draft cybersecurity strategy for your organization

## Day Two: Governance Frameworks and Compliance

- ▶ Detailed overview of governance models (NIST, ISO, COBIT)
- ▶ Understanding global and industry-specific compliance requirements (GDPR, HIPAA, etc.)
- ▶ Implementing and maintaining effective governance frameworks
- ▶ Best practices for compliance management
- ▶ Interactive session: Assessing and improving your organization's compliance posture

## Day Three: Risk Management and Mitigation

- ▶ Identifying various types of cybersecurity risks
- ▶ Comprehensive risk assessment methodologies and tools
- ▶ Developing risk mitigation strategies and plans
- ▶ Case studies of risk management in practice
- ▶ Interactive session: Conducting a risk assessment and developing a mitigation plan

## Day Four: Cybersecurity Metrics and KPIs

- ▶ Importance of metrics in measuring cybersecurity performance
- ▶ Defining and tracking key performance indicators (KPIs)
- ▶ Techniques for effective data collection and analysis
- ▶ Reporting cybersecurity metrics to stakeholders
- ▶ Interactive session: Developing a set of KPIs for your organization

## Day Five: Continuous Improvement and Future Trends

- ▶ Strategies for continuous improvement in cybersecurity governance
- ▶ Monitoring and updating cybersecurity policies and procedures
- ▶ Emerging trends and technologies in cybersecurity
- ▶ Preparing for future cybersecurity challenges and opportunities
- ▶ Interactive session: Developing a continuous improvement plan

## ▶ The Certificate

Anderson Certificate of Completion will be provided to delegates who attend and complete the course.
