17-21 Nov 2025	London - UK	\$5,950

▶ Training Details

Training Course Overview

This training course provides an in-depth understanding of data protection and privacy compliance, preparing participants to implement robust privacy frameworks and controls. The course covers global data protection laws, risk management, governance, and preparation for industry-recognized certifications like CDPSE.

Training Course Objectives

By the end of this training course, participants will be able to:

- ▶ Gain a thorough understanding of data protection laws and regulations
- ▶ Learn to implement and manage effective privacy frameworks and controls
- ▶ Develop skills to assess and mitigate data privacy risks
- ▶ Prepare for data privacy certification exams

Designed for

This training course is suitable to a wide range of professionals but will greatly benefit:

- ▶ Data protection officers
- ▶ Privacy compliance professionals
- ▶ IT security managers
- ▶ Anyone preparing for data privacy certifications

Learning Methods

This Anderson training course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. This training course is interactive and challenges one to think. The tutor will guide and facilitate learning, using direct input, discussions, case studies, exercises and video presentation. The skill sets developed will add value to employees, managers and leaders alike.

▶ Training Details
