Training Course Overview

In today's highly demanding work environment, leaders often must respond to high work demands, such as: short time decision making processes, extended working hours, personnel organization, among others. Job stress is considered one of the main professional diseases that affect most employees of the 21st Century. This Anderson training course provides you with the latest cutting-edge knowledge to overcome the debilitating effects of stress. You will obtain the latest insights on how to perform during times of pressure and stress. By applying proven strategy, you will be able to take on the challenges of job-related stress without compromising performance.

Training Course Objectives

By attending this Anderson training course, delegates will be able to:

- Develop leadership skills for handling pressure
- Explain how different personality styles respond to stress and pressure
- Identify your personal style in coping with stress
- Develop leadership skills for managing pressure & stress
- Learn how to lead others during times of crisis
