

Achieving Business Sustainability

Personal and Team Resilience in a Changing World

► Training Details

Online Training Course Overview

What is the secret of long-term sustainable business success? Evidence indicates long term corporate success is sustained through purpose driven leadership which creates an engaged, resilient workforce. This course focuses on the knowledge, skills and techniques required to enable managers to survive and thrive in a highly competitive, rapidly changing business world. By understanding and adopting purpose-driven resilient leadership approaches, participants can further engage their employees to ensure their activities and actions are aligned to strategic intent. Course methodology involves presentations supported by discussions, self-assessments and learning activities, including the creation of a development plan. Managers should choose this course if they seek to improve personal and team resilience and support the long-term sustainability of their business.
