

Managing Customers for Competitive Advantage

► Training Details

Online Training Course Overview

How can you keep your customers loyal, coming back to you again and again over the years? Research evidence across a range of industries shows that it is eight times more costly to recruit a new customer than retain an existing one. The ability to find, satisfy and retain customers is at the very core of business success. In this fast-paced Anderson online training course you will learn how to find and use the right information to understand what your customers want and what will delight them. You will learn techniques to grow your customer base using the best advertising of all – word of mouth.
