► Training Details

Training Course Overview

This exciting Anderson training course is designed to provide participants with a masterclass on leadership communication in the digital age. All leaders should understand the dangers and limitations of new ways of communicating online and digitally.

In this very hands-on course, participants will learn practical skills that can readily be applied to their work environment and help them achieve their personal, team, and organisational goals. Delegates will develop the necessary skills to communicate successfully with all stakeholders.

Training Course Objectives

By the end of this Anderson training course, you will be able to:

- Describe ways to remove barriers to effective communication
- Understand the advantages and disadvantages of digital communication
- Assess the latest research on how to make digital communication effective
- Differentiate between fact and fiction about digital communication
- List ways to personally improve communication competencies

Designed for

- All Leaders, Supervisors, Team Leads, and Managers
- Human Resource Staff
- Public Relations Professionals
- Marketing Personnel

Learning Methods

To enhance learning we utilize proven adult learning technology and methods that will result in maximum retention and application. This includes presentations, discussion, practical activities, videos, team practice exercises and case studies.
