► Training Details

TRAINING COURSE OVERVIEW

The World is changing and as we transition through the 4th Industrial Revolution – AI and robotics, virtual workplaces, disruptive technologies, and new generations are challenges facing all industries and all countries. As a manager or leader knowing how to manage, lead and coach through this disruption is a vital skill. VUCA is the "new norm" of the modern world.

An effective and disruptive coaching programme will include a range of techniques from communication skills, counselling techniques, human psychological processes, and an understanding of human development. This Anderson training course will introduce participants to the core skills of Workplace Coaching suitable for Disruptive Coaching for Game-Changing Results in a VUCA World

This training course will feature:

- An understanding of the key components of VUCA
- The fundamentals of Disruptive Innovation (DI)
- Motivational workplace coaching techniques
- Effective communication skills required for effective coaching
- How to use motivational coaching with any employee

TRAINING COURSE OBJECTIVES

By the end of this training course, participants will be able to:

- Understand the impact of VUCA in today's world
- Critically analyse the VUCA principles
- Describe the fundamentals of innovation
- Demonstrate advanced coaching skills
- Utilize motivational coaching techniques in the workplace

DESIGNED FOR

This Anderson training course is suitable to a wide range of professionals but will greatly benefit:

- Any professional who needs to develop their skills in coaching others
- All Managers, Supervisors, Team Leaders, and Section Heads
- Senior Managers in government or the private sector
- Marketing & PR Specialists
- Human Resource (HR) Professionals

- ▶ Learning and Development professionals

LEARNING METHODS

This Anderson training course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension, and retention of the information presented. This includes stimulating presentations supporting each of the topics together with interactive trainer lead sessions of discussion. There will be practical sessions where participants can practice and experience course-related activities.

Realistic and fun exercises, short video presentations, small group work, and case studies, will be used to facilitate learning. Role plays, and interactive exercises will be used throughout the course.
