Training Course Overview

As we emerge from the global impact of COVID, into a new dawn of recovery, many lessons have been learnt, and non-more important than developing Business Agility. To develop Business Agility you must have strong, visionary, inspiring and innovative Agile Leaders who understand and actively apply an Agile mindset. This mindset requires a new set of leadership skills, knowledge and understanding to maximise your leadership development.

Taking the key elements employed in Agile methodology, this truly innovative, dynamic and highly interactive Anderson training course will explore new approaches of leading in an agile world. Agile leadership is now the most important leadership attribute required in the new emerging world, and those who possess this knowledge and understanding will succeed. Employing leading-edge Agile leadership and behavioural concepts with new and effective tools and thinking, with the key element of inspiring others, this is essential development for those who wish to 'future-proof' their leadership development.

This Anderson training course will feature:

▸ How traditional leadership has impacted the status of the world, and how Agile Leadership wins through.
▸ The key leadership behaviours needed to develop powerful Agile Leadership.
▸ A selection of practical tools and techniques, to rapidly increase business and personal agility instantaneously.
▸ The powerful influencing skills and visionary leadership needed to lead to a faster recovery.
▸ How to develop more rapid, effective and efficient decision making with yourself and your team
▸ The ability to create and nurture an Agile culture in the organisation.

Training Course Objectives

By the end of this Anderson training course, you will be able to:

▸ Understand the power of Agile Leadership in the new world of rapid recovery
▸ Develop your ability to lead rapid change through strong visionary leadership
▸ Influence, inspire and determine rapid decision-making process for optimum results
▸ Enhance your leadership of others in active and dynamic change
▸ Enable others to operate with dynamism and creativity
▸ Overcome resistance and develop a dynamic Agile organisation

Designed For

This Anderson training course is suitable to a wide range of professionals but will greatly benefit those who need to develop Agile Leadership to 'future-proof' their leadership development:

▸ Senior Executives
▸ Business Leaders
▸ Managers

Learning Methods

This Anderson training course will utilize a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. This includes highly interactive exercises, case studies and targeted videos relevant to the topic area. This will be reinforced through active facilitation, group dialogue and feedback throughout. In addition, the course will provide numerous tools that can be applied instantaneously back in the workplace to increase business agility and leadership.
