▶ Training Details

Training Course Overview

In today's complex and rapidly changing business environment, effective governance is crucial for the success and sustainability of organizations. ISO 37000:2021 is an international standard that provides guidance on governance principles and practices. This 5-day training course is designed to equip participants with the knowledge and skills needed to understand, implement, and manage governance in accordance with ISO 37000:2021. Whether you're a governance professional, a senior executive, or simply interested in enhancing your understanding of governance, this course will provide valuable insights and practical tools.

Training Course Objectives

By the end of this training course, participants will be able to:

▸ Gain a comprehensive understanding of ISO 37000:2021 and its relevance to governance in organizations
▸ Learn the core principles and components of effective governance
▸ Explore governance roles and responsibilities, including those of the board of directors and top management
▸ Understand how to align governance with organizational strategy and values
▸ Discover techniques for monitoring and improving governance performance, including the use of key performance indicators (KPIs)
▸ Learn about legal and regulatory compliance, ethical considerations, and transparency in governance
▸ Acquire the knowledge and skills necessary to implement ISO 37000 within their organizations
▸ Be prepared to undergo ISO 37000 certification and audits

Designed for

This training course is suitable to a wide range of professionals but will greatly benefit:

▸ Governance professionals and officers
▸ Senior executives and leaders
▸ Board members and directors
▸ Compliance officers
▸ Risk managers
▸ Internal and external auditors

- Legal and regulatory professionals
- Consultants and advisors in governance-related fields
- Anyone interested in enhancing their knowledge of governance principles and ISO 37000:2021

Learning Method

This training course will utilize a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. The facilitator will provide interactive presentation that incorporates slides, videos, group discussion, and practical exercises to examine all aspects of the topic.
