

## The Agile Manifesto, Values and Principles

Achieving Results  
through Agility Mechanisms

### TRAINING COURSE OVERVIEW

Do you feel like the world is changing at a rapid pace and you are under pressure to keep up? Are team priorities conflicting, tasks overlapping and projects not getting traction or desired results? Working efficiently with scarce resources are valuable skills in today's work environment. Competition in the marketplace is intense, and companies are expecting more with less. Employees can use the Agile Manifesto, it's values and principles to apply agility practices ensuring on-time delivery of solutions that meet internal stakeholder as well as customer needs.

This popular Anderson training course will support you to develop practical techniques to manage your tasks proactively to ensure that you to meet deadlines and deliver against team objectives. You will also increase your collaboration skills to work with cross-functional teams in practical ways, ensuring long term career success!
